FROM THE PEOPLE.

THEIR VIEWS ON THE BOND AND WHARF QUESTION

A New Deputy Marshal—The Mass Meeting Tomorrow Evening

Bonds for a Wharf.

EDITOR GAZETTE: In your issue of Saturday last a suggestion was made to bond the town for money enough to build schools and extend the wharf to deep water.

While I think the suggestion a good one, yet I believe the same can not be done as only one question can be voted on at a special bond election. If I am correct in this matter would it not be well to call a special election for the purpose of voting bonds and of obtaining control of one of the wharves and extending it to deep water? University avenue wharf in my opinion would be the proper one to act upon at first and probably \$80,000 would be sufficient for this purpose.

I feel satisfied that the people of this end of town would be willing to vote \$120,000 for school purposes provided the town would issue bonds for \$80,000 for wharf extension.

The revenue derived from a wharf to deep water would more than pay interest on the full amount of bonds needed for wharf and school purposes, say \$200,000.

The above is submitted for the due consideration of the citizens of Berkeley.

C. H.

West Berkeley, October 14th.

On the Wharf Question.

EDITOR GAZETTE: In last Saturday's issue you claim to have found a way out of the difficulty of getting school bonds voted for. Can two issues be joined in one election? If so, I agree with the suggestion made; but, as I understand the matter only one proposition can be voted for at a special bond election.

There can be no doubt that the time has arrived for Berkeley to own one or more wharves to deep water, so that all comers may be accommodated on the same terms. Up to the time the steamer Hope commenced running to Berkeley the amount of freight carried was small compared with what is now received, and in order to keep freight at a low rate and encourage competition it is an absolute necessity that the town should hold the key to the situation, which it would if the wharves were in its keeping; and the only way to accomplish this is to issue bonds and by condemnation proceedings or otherwise gain possession and build one or more wharves to deep water.

East Berkeley, Oct. 14.

A New Deputy Marshal.

Marshal Lloyd has been a very busy man for the past few days and during that time he has had to have several extra deputies. Now he has got another, who only arrived in town last evening, but it only took him a short time to convince the marshal that he should be the chief deputy marshal, thereby superseding both Rawson and Kerns. It did not take much persuasion, however, and now the stranger is duly installed, not in the marshal's office but in the marshal's home, where he will remain for some time before making his appearance in public, although he is a handsome little fellow and weighs ten pounds, but he is as bright as a cricket and his mother is getting along very nicely, while Dick, well if he is a little absent minded for a day or two everybody will know that it is because he is thinking of his new chief deputy.

Mass Meeting.

The mass meeting to be held at West Berkeley tomorrow evening, which was postponed on account of a meeting of similar import held at South Berkeley last Wednesday evening, will probably be more enthusiastic than the one convened three weeks ago.

It is one of the best things that has come to the West End of the town to get the people of that section thoroughly warmed up to its necessities in the struggle for active life.

Without some such activity that part of Berkeley would never be heard of, notwithstanding its very many of the best facilities afforded for the making of a large and industrial town.

It is only needed for people living at a distance to know that Berkeley has lands which can be bought at the present time very cheap and in quantities to suit for manufacturing purposes that have the advantage of both rail and water communication not only to the interior of the State but to all parts of the world.

The long water front affords plenty of room for many years to come of a chance to build wharves to a depth of water which will accommodate the largest ships in the world, from which vessels can be despatched to any place where the largest now go.

It is a fact that when this water front shall be properly supplied with wharfage facilities equal to those of San Francisco, that Berkeley will be as far as the commerce of the world is concerned, the most formidable rival that the city by the Golden Gate has ever had or will have.

While writing on this line it may be well to say that San Francisco has made itself objectionable to the world's commerce by its high port charges, which at times has approached confiscation.

Proper facilities would make Berkeley one of the cheapest harbors in the world for foreign or domestic vessels to discharge their cargoes at.

In order to find this castle eventually built the people of West Berkeley must take the matter into their own hands and make a beginning. Large oaks from little acorns grew. These club and mass meetings are the little acorns. It matters not how insignificant the acorns appear at present, if properly nurtured they will soon grow into the sturdy oak.

Don't be discouraged at your early efforts. They will come out all right if persevered in. Push along, keep a moving. At the last meeting there was encouragement in the way of ladies attending and lending the good service of their presence. They can do a great deal to help matters along. They can learn at the meeting what is wanted and give encouragement to their husbands and brothers. It is hoped that a larger number will go and see what is to be accomplished tomorrow evening.

A Warning.

Quite recently a couple of light weights filled with that which inebriates concluded to have a little scraping match near the corner of San Pablo and University avenues. One of the youngsters, thinking he was getting the worst of the fight, pulled out a pistol and shot his antagonist making a flesh wound which proved to be not very serious.

There has been an endeavor to hush the matter up and it has only just now leaked out. Names are not given as this is for a warning, that if the parties get into trouble again the public will know who they are and all about them.

The North Berkeley Congregational Church will give a chicken dinner and bazaar Friday evening, November 1st. Bazaar afternoon and evening. Dinner served from 6 to 8. Price 25 cents. All are welcome.

STILL RAIDING.

MARSHAL LLOYD AND HIS DEPUTIES CAPTURE

Three Loads of Contraband Stuff at Lentz's Place on Ashby Avenue.

The movements of the officers were watched very closely on Saturday last by quite a number of people during the forenoon and late in the afternoon, but as the officers were seemingly attending to other business the watchers came to the conclusion that the raiding was over. That was where they made their mistake for shortly after 3 o'clock Deputy Marshal Rawson drove down San Pablo avenue and thence to Ashby avenue, while Bone and others went down by way of Telegraph avenue to Ashby.

The officers met at the same time at the corner of Ashby avenue and Adeline street, and entered the place occupied by Jacob Lentz and commenced searching for liquors. They descended into the cellar underneath the main room which was fitted up with counter, glasses, etc. and soon a shout from W. H. Bone, announced that he had come across two 15 gallon kegs of steam beer. He took off his coat and, after considerable tugging and sweating for he is not used to handling beer, he got it out to the sidewalk and got it loaded into an express wagon. In the meantime Rawson had struck a rich lead which prospected fine for before the ledge pinched out he had obtained several cases of liquors, demijohns of gin, brandy and rum, numerous bottles of wine and other goods that if looked upon with a red eye would surely bite like a serpent and sting like an adder.

As soon as all the contraband stuff was loaded on the wagons it was taken to the Town Hall and stored away in the vault.

If the officers make one or two more raids there will have to be some different place provided for its storage, as there will not only be no place to store it but it will be a menace to the building and the valuable books and papers stored therein.

Lentz, whose place was raided on Saturday evening is the person who was arrested three months ago by Marshal Lloyd for selling liquor without a license, and who was convicted and fined \$50.

The question as to whether the law is good is being argued pro and con by the citizens, but the people who have been raided and arrested are saying nothing, nor will questioning them give one any satisfaction as to what they were going to do in the matter. As one of the parties said to a reporter yesterday, "We are not trying to break the charter we simply will find out whether the new ordinance is valid, and if it is we will have to submit. If it is not we will then have an action for damages."

The Miners' Convention.

There will be a matter of more than ordinary interest attending the meeting of the Miners' Convention at San Francisco today. This body of men represent one of the greatest interests of the State and the original interest of all there is at the present time on the Pacific Coast.

Its actions will be closely watched not only by Coast people but by the whole world as it affects in a great measure the production of gold from what will continue to be for years to come the greatest producer of this precious metal.

A conflict is going on in California between the people and the Southern Pacific railroad company as to the ownership of mineral lands. The public has always been led to believe that

the United States Government owned them, but the railroad with its tentacles is endeavoring to take them from the people and confine the ownership to themselves. It is naturally enough in keeping with their constitution and by-laws.

These railroad companies have practically stolen the value of \$75,000,000 of bonds and now want to get hold of what was really the substance for making the bonds of value.

It has always been considered as a principle that all mineral lands should be held by the government to be distributed among the people upon a proper basis. The Miners' Convention will discuss the situation thoroughly and it is to be hoped that the outcome will be satisfactory to those who are originally entitled to all the benefits which may accrue from the use of mineral lands.

A Syrian Lecture.

A very interesting and instructive lecture on Syria was delivered at the Congregational Church, Berkeley, last Friday evening, by Shehadi A. Shehadi, a native Syrian. The lecturer was dressed in his native costume. After a geographical and historical description of his native country, he spoke of the customs of the people. It was not an easy matter, he said, to give a correct idea of the customs and manners of his people, as these differ with the religious sects of which there are many in his country. The Syrians are a very intelligent people and when given the chance make the best of students. Degrees from the S. P. C. (Syrian Protestant College, which must not be confounded with the Southern Pacific Company) are acknowledged throughout the educational world. In speaking of the climate, he said that although it was very hot in summer and cold in winter, there were no such sudden changes as he had experienced in San Francisco. On one of those hot days when he visited that city a few weeks ago, he thought to refresh himself with a glass of homemade lemonade. He procured the ice, lemons and all necessary materials, but when it was made the fog was rolling over the city and he had no use for it. With a location in the center of commerce, a wonderful climate and an intelligent people, Syria would stand among the foremost countries of the day, were it not under Turkish yoke. The lecture was interspersed with Syrian songs and instrumental music on a Syrian instrument. After the lecture genuine Arabian coffee was passed among the audience in Syrian style.

A. J. MOULDER DEAD.

JUROR SMYTHE IN THE DURRANT CASE ARRESTED.

For an Assault Upon a Boy Who Was Trespassing Upon His Porch.

Special dispatches to the GAZETTE.

Death of A. J. Moulder.

San Francisco, Oct. 14.—A. J. Moulder, superintendent of Public Instruction of San Francisco, died this morning at 2 o'clock at his residence at 802 Bush street, of pneumonia. The deceased was 70 years of age and had been ill but a few days.

A Durrant Juror Arrested.

San Francisco, Oct. 14.—A warrant was issued this morning for the arrest of Horace Smythe, one of the jurors in the Durrant case. The warrant was sworn to by E. A. Brandenstein, and charged Mr. Smyth with an assault and battery upon the person of Brandenstein's son. The boy was trespassing upon the porch of Juror Smyth, and he chased him off with a cane. The matter was compromised before the warrant was served, and a certificate of discharge was granted, as the arrest would interfere with the trial of the Durrant case.

Nothing in Hypnotism.

Chicago, Oct. 14.—Harry Davis, who for the past four years has been a professional hypnotic subject, has publicly declared that hypnotism is a fraud and has issued a challenge to all the professors of the United States who claim that there is anything in hypnotism, to meet him any time or place, he agreeing to obey any and all of their instructions and to there and then prove that there is nothing in the so called hypnotism.

Mining Convention.

San Francisco, Oct. 14.—The first session of the California Miners Association was held this morning at Pioneer Hall. The meeting was called to order by President Jacob Neff, who made the opening address. Hugh Craig, vice-president of the Chamber of Commerce, on behalf of that organization bade them welcome to San Francisco.

Resolutions Passed.

EDITOR GAZETTE: At the regular prayer meeting of the Epworth Christian Endeavor Society of the Trinity M. E. Church, held last evening, there was a large attendance, about 200 being present. Part of the meeting was devoted to speeches by the newly elected officers and part was devoted to the recent action of Marshal Lloyd. The following resolutions were unanimously passed:

Whereas, The just laws prohibiting the sale of intoxicating liquors within one mile of the University grounds have been flagrantly violated, and

Whereas, Marshal Lloyd has, the past week, adopted vigorous measures for suppressing these violations of the law, therefore be it

Resolved, That we, the members of the Epworth Christian Endeavor Society of the Trinity M. E. Church, do hereby express our appreciation of his efforts, and hope he will continue until the evil is entirely abated in our fair town. And be it further

Resolved, That a copy of these resolutions be sent to Marshal Lloyd, a duplicate be printed in the daily papers and that they be spread on the minutes of our society.

Hoping that the foregoing may appear in your paper, I remain, yours truly,

S. W. CARTWRIGHT.

Petty burglars are busy in the vicinity of Dwight way. Sets of carpenters' tools, lengths of hose, garden implements and other property easily moved have recently disappeared. Three thefts have occurred in as many days.

Court Notes.

Miss Lizzie Mullzner, who was arrested on Friday last for having liquors stored at her place on the corner of Telegraph avenue and Allston way, was arraigned in Justice James' court today, when she pleaded guilty. Sentence will be given tomorrow.

George Stricker, who was arrested for having liquor stored in his place without a license, was arraigned in Justice James' court this afternoon. He pleaded not guilty and his case was set for Saturday, Oct. 19 at 10 o'clock.

GAZETTELETS.

There will be a special meeting of Beacon Fire Company at their house on next Wednesday evening, and every member is expected to be present as business of the utmost importance will be transacted.

In the great ten-mile bicycle race from Fruitvale to Haywards yesterday Harry Kastens, of West Berkeley finished fourth in the race, thereby putting the Crescent Athletic Club away up in G, and winning a fine diamond pin. Harry is getting to be a scorcher, and will soon be one of the champions.

A team belonging to Joseph Goodall of West Berkeley got loose from the place where it was fastened near Golden Gate and could not be found for sometime. Late in the evening a boy found the horse wandering about San Pablo avenue and took him to Frank O'Brien's stable on the corner of University avenue and Fifth street. The owner was immediately notified and soon obtained his missing property.

A young man named Harvey of San Francisco was run over and killed by an electric car near San Leandro yesterday. The young man who was riding a bicycle, tried to cross in front of a rapidly moving car, and was thrown from his wheel, thereby losing his life. No blame could be attached to the motorman, as Harvey lost his life through his own carelessness.

Marshal Lloyd and Deputy Kerns arrested three men who were hanging about East Berkeley this morning and who were acting in a suspicious manner, on a charge of vagrancy. They were taken before Justice James and fined, one five days another ten days and the third fifteen days in the county jail. The difference in their sentences was for the purpose of separating them and not releasing them from jail together.

The work on the new Presbyterian church, corner of Ellsworth street and Allston way, is well along. The main auditorium will first be completed. The old church has been moved to one side of the lot and is being used for services. As soon as the main part of the new edifice is completed it will be occupied, the old church will be removed from the lot, and the remaining part of the new building will be constructed.

The residence of E. C. Worden, the house builder, on the south side of Bancroft way, near Shattuck avenue, was entered by thieves on Saturday night and a large chest of carpenter's tools were stolen and carried off, evidently in a wagon brought for the purpose. A trunk containing a lot of papers was ransacked and carried out into the rear yard. As soon as the robbery was discovered the loss was reported to the Marshal, but so far none of the burglars has been found.

Miss Alice Brown of Temescal opened a free kindergarten today at that place. She was assisted in her work by Miss Edith Crawford of Berkeley. The work is under the patronage of a number of well known ladies in the neighborhood, with Mrs. Horatio Livermore as president; Mrs. John Ballard, secretary; Mrs. George P. Morrow, vice-president. The ladies desire to arouse a deep interest in this work for the benefit of the rising generation.

TOWN OFFICIAL PAPER.

MONDAY, OCTOBER 14, 1895.

BERKELEY has just secured another broom factory and the establishment starts out with good prospects of success. While Berkeley is always holding out inducements to manufacturers to locate there Hayward is doing nothing. Berkeley is no better situated for factories than Hayward is, but the people realize the benefit of such enterprises and are always ready to encourage them. If Hayward would follow the example of Berkeley there would soon be a noticeable change in the place and it would assume an air of prosperity that would be surprising. Organized effort must be made in order to bring industries here, and if a Board of Trade were formed it would be the means of accomplishing a great deal of good for the town.—Hayward Review.

There will be a mass meeting held at Beacon engine house, West Berkeley, tomorrow evening, and it is hoped that every citizen who has the interest of the town at heart will be present. A large number of the citizens of West Berkeley have already expressed their opinion as to the amount of bonds that should be voted, and they instructed Messrs. Hoff and Durrell to cast their votes for not more than \$75,000. There is now a proposition to make the amount \$100,000, and this matter will come up tomorrow evening. The question, also, of calling for \$200,000 for the purpose of building schools and acquiring a wharf out to deep water, will also come up before the meeting for its endorsement. It is probable that members of the Board of Trustees and of the Board of Education will be present in order to find out just how the people feel upon this matter. As these mass meetings, if properly attended by the people, are the only sure way of ascertaining the people's wants, we hope that all who go to the meeting will go in a spirit of absolute fairness, and discuss and listen to others discuss the different propositions, and then endorse the one they think is the best for the town. All personal matters or "I won't endorse this because it is for the benefit of one part or another of the town" should be laid aside, and all come together in one harmonious body, and work for the whole town.

SCHOOL BONDS.

EDITOR GAZETTE: For the past year the whole talk of members of the School Board, principals, teachers and others supposed to be conversant with the wants of the town in regard to school accommodations has all tended to this—that we need, or will need in two or three years, a High School building of sixteen rooms and two more grammar school buildings. Even now it is rarely that one hears any more needs mentioned. I am in a position to hear the opinions of as many friends of our schools as any one, and I am very sure that the people will readily vote all that is necessary for these buildings, and no more. And further, that they will not vote a dollar until the School Board presents a plain, well-considered plan for the economical expenditure of every dollar voted. So far no two members agree and the people are asking, and with reason, if they do not know what they want, who does?

There are at least one hundred men in town who could on a few hours' notice, tell the Board approximately what such buildings would cost and then they would have some basis to build on. At present all this loose talk is useless and worse than useless, because it tends to stir up that sectional feeling which is always so near the surface.

Of one thing we may be well assured we can never vote \$75,000 for grammar schools alone, or for High School alone, simply because the plain common

sense of the people tells them that this amount is ample for all three. If \$21,000 would build three grammar schools two years ago, why does it need \$75,000 to build two or three now?

Hundreds of people all over town are quietly figuring for themselves, and the consensus of opinion is, that \$50,000 will build and furnish a sixteen room house of brick, in good style and all necessary adjuncts. \$25,000 is ample to provide a High School site and build two good eight or ten room wooden buildings. We already own the sites for them. This would furnish accommodations for some years, if the schools are placed near where the pupils live, and not where they would stand idle, as a part of one does now. The people do not doubt the honesty of their officers, but they do doubt the business capacity of some of them; and they ask to know, as they have a right, just what is to be done with their money.

For Sale.

Very desirable property in San Benito county, only 2 1/2 miles from the town of San Benito. This land is well watered and would make a splendid fruit ranch, or for dairying purposes it is unsurpassed. This land is placed upon the market at the remarkable low price of \$6.50 per acre. Easy terms can be arranged by applying at once to G. D. Smith, Dwight way station, Berkeley.

There is one thing in this world that in order to give satisfaction has got to be perfect, and that is a photograph. Naturally the artist who is thorough in his business and produces perfect pictures gets the trade. This accounts for the immense business done by Evans, the photographer at 1065 Washington street. He takes the finest cabinets in the land for \$3 per dozen and has a large Berkeley patronage.

Whoa, Thar!

And step into Schmidt & Zehner's in the Shattuck Block and inspect those bread and cake knives that they sell for 50 cents. If you need any hardware, bird cages, pocket knives or tacks for bicycles. They have them. Call for anything in their line, and it will appear.

Now is the time to buy your cloaks, capes and suits. By purchasing \$15 worth of goods at our establishment we will present you, free of charge, with an order for one half dozen Haussler's photographs. PalaceCloak Co., 1009 and 1011 Washington street, between 10th and 11th streets, Oakland.

If you want to purchase gents' furnishing goods, children's toys, cigars and tobacco, why, go to Abraham Cohen's on San Pablo avenue between Alcatraz and Dalton street, Golden Gate. He sells as cheap as the city.

Street Committee Report.

The following report of the Street Committee was inadvertently omitted from our report of the Trustees on Saturday evening:

Your Committee know of no objection to granting petition of Mary E. Brooks to lay by private contract a four-foot wooden sidewalk on the north side of Stuart street, between Dinnville and Calais streets.

The petition signed by Mrs. Barbara Bleachy for a four foot walk on the north side of Stuart street from Grant street 120 feet west. Approved.

The petition for a four-foot walk on Carlton street, from the west line of Telegraph Avenue to the east line of Ellsworth street we think should be granted.

The petition of Joseph Rose for a six inch vitrified ironstone pipe sewer, to be laid on Grant street, between the south line of Berkeley way and the sewer in University Avenue, your Committee consider a necessity.

The petition to re-grade, curb, gutter and macadamize Delaware street from San Pablo Avenue to the east line of Third street represents more than one half the frontage. We heartily recommend the same.

The matter of injury to shade trees on Ellsworth street your Committee can say only this: In our opinion the Oakland Paving Co. should be censured at least for allowing said disrespect to private property, especially such property as cannot be replaced with money. We suggest to property holders the advisability of protecting trees at such times with narrow strips of boards fastened closely to the trunk.

G. G. DURFELL,
J. W. GAGE,
Committee.

The Woodmen of the World meet in regular session at their hall this evening.

Before this year the town taxes have been paid at the Town Hall, but since the officers of the town, elected under the new charter, have assumed their position the Tax Collector's office has been located on Shattuck Avenue, opposite Berkeley station. This fact, however, is not generally known, and very many every day go to the Town Hall to obtain their tax bills, only to retrace their steps.
